

Instruction - Drawer Front Height Adjustment

Step 1: Pull open the drawer to be adjusted;

Step 2: Pull the ramp latch (blue) toward Drawer Front to gain adequate drawer height;
(Installer may need to lift the drawer during adjustment in case of heavy drawer.)
Drawer Front height adjustment range is [0mm, +2.6mm]

Step 3: Check the Drawer Front is aligned left to right.
If necessary, repeat Step 2.
